

# PRODUCT INSTRUCTIONS

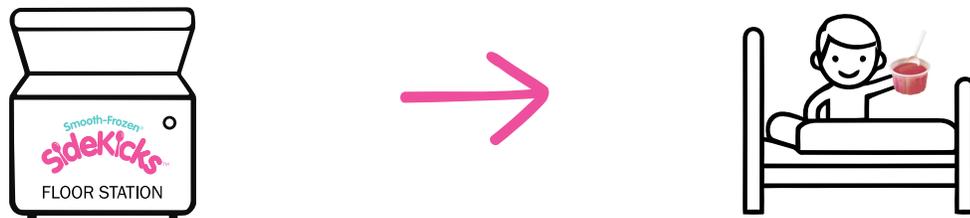

1. SideKicks are shipped and stored frozen at 0°F or below.

2. When stocking floor stations, remember that SideKicks are like ice cream and should be placed in the coldest part of the freezer.

3. SideKicks should be consumed shortly after removal from the freezer. Cups should be firm and give a little when lightly squeezed. Contents should look slightly frosted for best SideKicks experience.

4. To assure the best product quality, refreezing is not recommended.
